Mr G. Lutz,
Public School,
Bryn Mawr Pa
USA

Dear Mr Lutz,

You did not hear very much from us so far, but you may be sure that we many times told the people here of your shool and yourself. among these people also Prof. and Mrs Teaf from Haverford who are now living here.

I am sending to you to-day a little book with pictures of the town of Rotterdam to which we live so near, hoping that Hanneke's friends will like the pictures. We once more want to thank you for the very good time Hanneke had in Bryn Mawr. She is now at school at the Montessori Public School near us and feels very well. She did not yet loose all her English and incidently discusses with us in that language.

With best personal regards,

yours very sincerely,
