My dear Schneider,

One of these days we got your parcel. Needless to tell you how glad my wife, my children and myself were to receive it. Please do express our best thanks also to Mrs. Schneider.

Things are slowly improving in Holland. We are all working hard; it will however last some time before even some of the common things will be available again.

Do you by chance know anything about Dr. Hoffmann of Kiel?

I am very interested to know of your own work there.

With best personal regards,

Very sincerely yours,

(J. Tinbergen)
