Dear Professor Huggins,

Unfortunately I do not see
any chance to accept your kind suggestion for a
visit to Jamaica early next year. I shall be, it is
true, in the States untill the end of December, but
this will be at Philadelphia and I do not think there
is a chance to stay much longer; also the financial gap woul
would be, I am afraid, a difficulty.

With best personal regards,

I am,

yours very sincerely,
