Dr Phil Bell,
Haverford College,
Haverford Pa,
USA

Dear Phil,

Howard Teaf told me that you succeeded in getting your doctor degree after a time of very hard work indeed, and I am very glad to congratulate you. I hope that you will have a chance now to relax a little bit and thus will be able really to enjoy this success. I also understand from what Howard told me that you are publishing a book; is this the doctor thesis or is it a book ? Finally I had very good news from him, namely that you are planning to come to Holland and perhaps to work with us for some time. That would be very nice indeed. Probably I shall be absent from October 1 till April 1, but after that date I have no special engagements. I understand that all sort of details have to be regulated first so that I am not really expecting an answer soon. I only want to tell you how glad I am that you succeeded. Please, tell Ho I got his letter and was very glad with it; I hope to answer him also within a short time.

Best regards to all of you !

Dear Phil,

Howard East told me that you succeeded in getting your doctor degree after a time of very hard work indeed, and I am very glad to congratulate you. I hope that you will have a chance now to relax a little bit and thus will be able really to enjoy this success. I also understand from what Howard told me that you are publishing a book; is this the doctor thesis or is it a book? Finally I had very good news from him, namely that you are planning to come to Holland and perhaps to work with us for some time. That would be very nice indeed. Probably I shall be absent from October 1 till April 1, but after that date I have no special engagements. I understand that all sort of details have to be regulated first so that I am not really expecting an answer soon. I only want to tell you how glad I am that you succeeded. Please, tell me I got his letter and was very glad with it; I hope to answer him also within a short time.

Best regards to all of you!
