Mr. Felix Paukert,
International Labour Office,
Geneve

Dear Mr. Paukert,

Thank you for sending me your paper WEP 2-23, which I read with the utmost interest. It was surprising to me how many things you say I did not know, even though in the last few years I gave so much attention to questions of income distribution. I have no comments, I only learned from it.

You are, no doubt, aware of my attempts to shed some further light on the subject.

With best regards,

Yours sincerely,

J. Tinbergen.

Federal Supreme Court

Dear Mr. Justice:

Thank you for sending me your report of 5-20, which I read with the
greatest interest. It was reassuring to me to hear that you and I did not
agree, even though in the last few years I have been subjected to pressure
of intense criticism. I have no comments, I only thank you for it.

I am, as usual, aware of my strength to stand alone before light or the
world.

With best regards,

Yours sincerely,
