Department of Applied Economics,
Downing Street,
Cambridge (England)

My dear Stone,

Do I remember rightly that you are in the possession of a copy of my unpublished study "Business Cycles in the United Kingdom 1870-1914"? If so, could I please get table I H of that copy? The study has after some changes been accepted for publication by the Dutch Academy of Sciences, but this one table is lacking. If you have not got the copy, please, consider this letter as not written.

With best personal regards,

yours very sincerely,
