Dear Professor Romaniuk,

Thank you very much for your invitation of May 9th, which I am glad to accept. My friend Mr. Klaassen is absent and will answer you later. I should be grateful for further information with regard to the exact dates of the conference. I shall be glad to give a lecture and I wonder which subject you would prefer. I could read about

(a) "Economic Models used by the Netherlands Planning Bureau"

or about

(b) "Dynamic input-output analysis for industrialization planning"

I hope you will let me have your choice.

With repeated thanks I am,

yours very sincerely,

(J. Tinbergen).
