Dear Mr Ricardo,

I discussed with Prof. Lambers, who was rector of the Netherlands School of Economics a few years ago, the possibility to inform you about whatever details you would like to know of our school. Mr Lambers suggested that you would pay a visit to the school on next Tuesday at about 14.30 and see the present rector, Prof. Kernkamp. After having seen Mr Kernkamp you would be very welcome to have a discussion with Prof. Lambers and Prof. Witteveen, who also will be present in the school at that time.

Yours very sincerely,
