My dear Palivia,

I got the copy of your book and a first cheque. I am forwarding the book to the printer but I wonder whether not some slight changes ought to be made. First of all, I wonder whether the quotation from Morgenstern should be printed on the cover itself. I take it that you want to have it on the dust cover. Next, I suppose that you do not want to repeat the Dutch text on the title page which was only needed for the dissertation. In addition I think you should not repeat the "stellingen". I asked the printer to start with the text so that there is time for you to answer me without wasting time.

I am afraid that publication under the Contributions to Economic Analysis is not possible since the series only contains new publications and no reprints. It is very kind of you to think of the Hogeschoolfonds, and I want to thank you in advance.

Yours very sincerely,
