Dear Dr Roos,

It is an established tradition that the Secretary General of the Institute would not sign himself applications for membership. I am very much willing to propagate Mr Cowles' nomination, and may ask, if you want so, Prof. Methorst to sign the blank. Please, let me know whether you are in favor of this idea.

Yours very sincerely,

Dear Dr. Roos,

It is an established tradition that the
Secretary General of the Institute would not sign
himself suggestions for membership. I am very much
willing to propagate Mr. Lowry's nomination, and may
ask, if you want so, Prof. Vethorst to sign the blank.
Please, let me know whether you are in favor of this
idea.

Yours very sincerely,
