

Beste Dirk, Ik heb twee brieven van je ontvangen, en één
verzonden, en zal spoedig weer schrijven. Intussen kreeg ik
als antwoord op de brief waarvan dit een voortlap is
dat ze materiaal August 6, 1945

hebben verzonden, met een rekening (ik had gehoopt dat
ze de zaak gratis zouden sturen, maar dat is niet gelukt).
Ik heb ook aan Nat. Bur. en Brook. Inst. gevraagd welke
lysten m. hun uitgaande te sturen.

Beste groeten aan alle mensen

Dear Mr. Coil:

I am writing on behalf of Professor J. Tinbergen, Director of
the economic research section of the Central Statistical Office, the Hague,
Netherlands. Tinbergen and his staff are attempting to become acquainted
as quickly as possible with economic literature that appeared in this country
during the war. I shall be very grateful if you would help them by sending
1) a complete file of the "Public Policy Digest," 2) a complete list of
National Planning Association publications, pamphlets, etc., and 3) a few
of the most representative pamphlets.

Although I have not been officially authorized by the Central
Statistical Office to order material for them, I feel that they should
have this material without the two-month delay involved in writing back
and forth. Since the officials involved are my personal friends, I am sure
that they will approve of my action and arrange for any payment, due for
the above material, as soon as the control of international payments
permits.

Sincerely yours,

Tjalling Koopmans
