Dear Goodwin,

Please, find enclosed your manuscript. I hope it will have the success you want. I am sorry not to have been able yet to study it carefully, but I recommend myself for an offprint.

If the Driebergen conference was a success, as we also feel here, it was largely due to your paper that we are still studying carefully.

Looking forward to see you again I am with best regards,
also from Ekker

yourd very sincerely,
