Dear Gilbert White,

Thank you for yours of March 10. I am glad you liked the book ! I may add that it was intended to be given to you personally, but I am, of course, glad if you prefer to give it to the library. To the library I sent another little book about a similar subject.

The Teafs have left us for some months in order to visit Israel. They are very popular here with the students and did an excellent job on the difficult question of contacts between students and teachers in a young institution with several problems.

With best personal regards,

yours very sincerely,
