Professor T. Haavelmo,
Frederiks Gata 3,
O s l o.

My dear Haavelmo,

This is to certify that I know messrs N.J.Keuning and P. Braakensiek, students at the Netherlands School of Economics, and that I recommend them to your help and support. They are travelling under the auspices of the N.B.B.S. (Netherlands Foreign Relations for Students) in order to consolidate the relations between Dutch and Scandinavian students. One of the ways by which they hope to do so is by establishing, if possible, a sort of camping centre for Dutch students. Knowing your interest in skiing I hope you are willing to assist them by instructing them whom they have to see for this purpose.

With many thanks beforehand,
yours cordially

Professor T. Havelmo,
Roberika Gate,
Oslo.

My dear Havelmo,

This is to certify that I know several N.I. students
and I recommend them to your help and support. They are
under the auspices of the N.I.E. (Norwegian Institute of
for Students) in order to consolidate the relations between
Scandinavian students. One of the ways by which they hope to do so is
by establishing, if possible, a sort of clearing center for
students. Knowing your interest in skiing I hope you are willing
to assist them by instructing them when they have to see for this
purpose.

With many thanks, respectfully,
Yours cordially
