Professor Robert H. STROTZ,
Managing Editor of
Econometrica,
The Econometric Society,
Department of Economics,
Northwestern University,
EVANSTON, (Ill.)

Dear Professor Strotz,

Thank you very much for yours of May 26.
It is very kind of you to consider our contribution as a paper.

I take it that you have meanwhile received
my answer regarding Mr Fisher. As I wrote to you I think we
should accept the paper for publication since it is useful to
have such clear examples as references.

Yours very sincerely,
