Dear Colleague,

Surely I shall be glad to help Mr Westebbe as far as I am able to and so will my collaborators in the Central Planning Bureau. As to me personally there is, however, this complication that I hope to be in the US between September and December. Mr Westebbe on his arrival would therefore do best if he went to see my colleague Prof. Dr P.J. VERDOORN, also at the Central Planning Bureau, who will surely be able to help him with any information he wants on his subject. With the New Year I hope to be able also to see Mr Westebbe and I am much interested in the subject he plans to study.

Yours very sincerely,

PROF. DR. J. TIMMERMAN
