Dear Mr Taupin,

In reply to your letter of May 25 I should like to draw your attention upon Dr L. Zimmerman, now Professor of Economics at the French University in Germany (Prof. dr Louis J. Zimmerman, Lennebergplatz 5, Mainz-Gonsenheim). Prof. Zimmerman, who has the Dutch nationality, worked several years at the division of statistical research of the Central Bureau of Statistics, Oostduinlaan 2, The Hague. He is well-acquainted with modern statistical methods and with statistical sources. His personality is very appropriate for international work and work in contact with other people. I want to recommend him strongly.

Yours very sincerely,

PROF. DR. J. TIMBERGEN
