Dear Dr Haenni,

Thank you for yours of October 20. It is our plan to arrive in Geneva Sunday-afternoon at 18.12 with the train from Basle.

You asked me whether I want to have somebody invited to any of my lectures. I wonder whether it would make sense to let Mr Lary know that if he wants one of his staff-members to be present this staff-member would be very welcome. I am thinking of a staff-member who might be in charge of following Dutch developments. May I leave it entirely to you whether you would wish this collaboration with the E.C.E. ?

Yours very sincerely,
