Prof. Dr Robert Triffin,
1, Rue de Versailles,
Ville d'Avray (S. & O.)
France

Dear Professor Triffin,

It was good news to hear that you are so near, and it will be a great pleasure to meet you some time and somewhere between Paris and the Hague ! Actually I am planning to visit Paris some time in the next months, and if that materializes I shall let you know. On the other hand, would you happen to come to Holland, please, let me know some time before.

I am sending you the Central Economic Plans that so far have been published. Also the ones in Dutch because you might remember Flemish. It would be particularly interesting to show you also a monetary discussion we had in this country which was, I think, quite good. It was a discussion between J.G.Koopmans, Holtrop, Witteveen and myself (sorry!) which was published in the "Economisch-Statistische Berichten". If you should be interested in

having the about 10 issues of this weekly in which they appeared, please, let me know. If it would be difficult for you to read them I shall be glad to tell you about it upon our meeting each other. By the way: there is no necessity to pay for the Central Economic Plans. We supply them freely to people like yourself.

With best wishes, also for the New Year,

yours very sincerely,
