Dear Dr Alanís Patiño,

Having returned in Holland I would like to thank you very much for your kindness in sending me some of your studies. Especially the one about productivity in the cotton industry seems to be very interesting. I am now studying it and may come back to it later if questions would remain. I hope you received the documents which you were kind enough to lend me and which I gave back to the secretary of Dr Bravo. I am sorry I had no time to visit you another time, but I want to repeat my sincere thanks for your courtesy.

Yours very sincerely,

J. TIMBERGEN
